Which team will be victorious!?
But, it'll be nearly impossible to win unless they reach the goal!
With only 1 left on the countdown, Team Blue-Per managed to stop them!
The winners are...

And if the X-Blood take the tower, it's all over!

I can't do anything on my own...

Red Sole and Omega, attack from the sides.

In seeking strength, I was abandoned by my friends.
But now, look.
Nice change.
The X-Blood are also connected!!

BOTH SIDES ARE IN A FIERCE BATTLE!!
